**REQUEST FOR CERTIFICATE OF CORRECTION OF PATENT
 UNDER 37 C.F.R. §§ 1.322 AND 1.323**

Sir:

It is certified that mistakes appear in the above-identified patent. The patent is hereby corrected as detailed below:

Patent and Trademark Office mistake

In an Amendment filed November 19, 2003, new claim 26 was added in the application, as follows:

--Claim 26. (New) The device of claim 7 wherein the over voltage protection circuit comprises a carbon-block protector.--

Claim 26 of the application corresponds to claim 10 of the patent. However, at col. 6, line 39 of the patent, claim 10 recites "claims" instead of --claim--, and "herein" instead of --wherein--, which is incorrect. This line of the patent should read: --10. The device of claim 4 wherein the over voltage--.

The above-noted mistake was incurred through the fault of the Patent and Trademark Office. Correction under 37 C.F.R. § 1.322 is respectfully requested. No fee is believed to be due with regard to correcting this mistake.

Patentees' mistakes

(1) In the claims:

Claim 32 of the application, added in the Amendment of November 19, 2003, was directed to a method and recited a dependence from Claim 30. This was incorrect, since claim 30 was directed to a device; claim 32 should instead have recited a dependence from independent method claim 31. Claims 30, 31 and 32 of the application correspond respectively to claims 13, 14 and 15 in the patent. It is noted that claim 13 is directed to a device (col. 6, line 51), while claim 14 is directed to a method (col. 6, line 55). Accordingly, at col. 6, line 61, the text "15. The method of claim 13" should read --15. The method of claim 14--. This mistake occurred in good faith, is minor in character and does not constitute new matter or require reexamination. Correction under 37 C.F.R. § 1.323 is respectfully requested.

(2) In the drawings:

Attached are marked-up copies of drawing sheets 2-4 of the above-identified patent, corresponding to Figs. 2-4 respectively, with the charges thereon marked in red ink.. These drawings show a horizontal line, marked "line1", which should be removed. In addition, a vertical line, marked "line2" should be added. The line "line2" appears in the original drawings filed but not in the above-identified patent. Accordingly, the attached clean copies of Sheets 2-4, corresponding to Figs. 2-4, should replace the current drawings appearing in the above-identified patent. In addition, the figure appearing on the front page of the above-identified patent should be replaced with the attached clean copy of Fig. 2. This mistake occurred in good faith, is minor in character and does not constitute new matter.

The patentees wish to express their appreciation to the Examiner for calling their attention to these errors in the drawings during prosecution of continuation Application No. 11/079,557. Correction of the present patent under 37 C.F.R. § 1.323 is respectfully requested.

The Commissioner is hereby authorized to charge the fee of \$100.00 under 37 C.F.R. § 1.20(a) to Deposit Account No. 50-1561 of Greenberg Traurig, LLP. Any deficiency in or overpayment of fees in connection with this Request should likewise be charged or credited to Deposit Account No. 50-1561 of Greenberg Traurig, LLP.

A Certificate of Correction for the above-identified patent has been prepared and is attached hereto. It is noted that pages 2, 3 and 4 of the Certificate show the corrected Figures 2, 3 and 4 respectively; the corrected Figure appearing on the front page of the patent appears on page 5 of the Certificate.

Approval of the Certificate of Correction is respectfully requested.

Respectfully submitted,

Paul Sutton
